

Meet Founder & CEO Jerry "Kelly" Snyder

As a retired Federal Law Enforcement Agent with 25 years experience, Kelly did not want to take the traditional retirement route.

He wanted to make a difference.

His decision to start the Find Me Group was driven by the overwhelming number of children and adults that go missing by no choice of their own, every day. He knew he could make a difference utilizing his extensive resources; his background in investigative law enforcement, and proven successful experiences with scientific and intuitive consultants. Kelly utilizes all possible resources when taking on any Find Me Group investigation and has over 160 vetted experts to bring closure to families around the world.

Dear Kelly,

My family wishes to express our appreciation for the support and commitment you and the Find Me Group gave us during the search for our daughter. Meeting with you and your group, feeling the concern and caring expressed, helped us through a difficult time in our lives. The ending of the search was not what we had hoped for, but we were able to bring Mary home and we are grateful to have her with us once again.

Sincerely, Lynda
